Instruction Memorandum No. WY-2006-028  
Expires 09/30/2007

To: Field Managers and Special Agent in Charge  
From: Associate State Director  
Subject: Marking and Posting of Bureau of Land Management Property and Jurisdictional Boundaries, ( Washington Office IM No. 2006-113)

Attached is Washington Office Instruction Memorandum No. 2006-113. This IM establishes Bureau policy on the marking and posting of BLM Property and jurisdictional boundaries.

Any BLM sign which indicates or states that it marks the boundary of a property line between BLM and an adjacent landowner must be placed within one foot of the legal boundary.

Consultation with the Cadastral Survey Program will ensure existing boundary survey records are evaluated and an appropriate method for identifying the boundary is selected. The BLM manager responsible for the direction and oversight of activities on the Federal land will determine when boundaries require identification and select the best method. Circumvention of this policy by "backing off the line" (offsetting from a theoretical position of the boundary line) and placing boundary signs or marks is hereby prohibited.

If you need assistance please consult with our Chief Cadastral Surveyor, John Lee, WY-957, at (307) 775-6216.

Donald S. Simpson  
Acting
